

CORNER 3

MEMORY GAME

Using the flashcards, you have different options to play the memory game:

1. Put the flashcards on the desk and give the student one minute to memorize the items. Then, cover the flashcards and ask the children how many items they remember.
2. Play the classic memory.
 - Lay out the cards face down in rows forming a large rectangle on the table or floor.
 - The player turns two cards over and they have to match.
 - If they match, the player wins this round and can start another one.
 - The game ends when there are no cards left on the desk.
