PLAYGROUND GAMES

TUG OF WAR

This is a very old game of strength, a long time ago they played this game to get stronger muscles.

In Tug of War you have one goal: you have to work with your team to get a scarf over a line by pulling a long rope. Your team has to work very hard against the other team.

You can play this game all over the world.

What games do you like playing in the playground?

Choose one and write about it. Share it with your classmates.

DRAGONS IN CATALUNYA

No one has ever seen one from up close but Dragons are present in many cultures around the world. For some, Dragons are scary and strong monsters. For others, Dragons are kind protectors. Dragons also symbolize knowledge and wisdom.

In China, the red dragon symbolizes good luck and it controls time. In Japan, the green dragon symbolizes nature, strength, wisdom and bravery. In Catalunya, Dragons are scary and legends describe them as hungry creatures with wings, a horrible deadly breath and a long tail and big claws.

Dragons are very present in our history and legends; from Sant Jordi's Dragon or the Banyoles Monster to Gaudí's Dragon or even a famous American Football team. If you take the time to look around, you will find dragons in many places. In Catalunya, one can find Dragons as gargoyles on top of old buildings and churches, on doors and stairways, in the streets and parks, in markets or swimming in fountains. Have you ever seen a Dragon in a park? Or on a door?

For instance, in Barcelona there are more than 1000 Dragons hiding in the streets, buildings and parks. We challenge you to find a Dragon around your neighborhood, town or city and bring the picture to the classroom. This way Puff will know he is not the only Dragon in the world and maybe he can make some new friends.

Where did you find it?
